

Day

5 NOVEMBER 2024

Location: Room TU1G
Madina Hall

08:00
05:00

Vitreoretinal School

08:00 - 12:00

Vitreotomy course

Chairpersons

Hussain Khaqan - Magdy Moussa

08:00 - 08:20

Introduction

Abdullah Alqahtani

08:20 - 08:40

PPV Endophthalmitis

Saleh A. Alshehri

08:40 - 09:00

PPV RRD

Amro Abukhashabah

09:00 - 09:20

Management of vitreous hemorrhage

Ammr Alghamdi

09:20 - 09:40

Visualization in vitreoretinal surgery

Hatim Batawi

09:40 - 10:00

Macular hole repair

Khalid Almalki

10:00 - 10:20

Tamponade in vitreoretinal surgery

Mohammed Almalki

10:20 - 10:40

Scleral buckling

Ahmed AlQethami

10:40 - 11:00

NGENUITY

Saad Waheeb

12:00 - 01:00

Prayer, Coffee Break

01:00 - 02:00

Intravitreal injection course

Charperson

Amro Abukhashabah

Moderator

Saleh A. Alshehri

Speakers

Amro Abukhashabah

Saleh A. Alshehri

Ammr Alghamdi

02:00 - 05:00

Retinal review

Magdy Moussa - Hussain Khaqan

Day

6 NOVEMBER 2024

Location: W1G
Madina Hall

08:00
05:00

Vitreoretinal School

08:00 - 12:00

Chairperson
Surgeon
Panelists

Live surgery

Hussain Khaqan
Abdullah Alqahtani
Ahmad Sallam
Ahmad Habib
Hussain Khaqan
Ashraf Shaarawy
Ahmad Khashab
Stratus Gotzaridis
Lukan Mishev
Yahia Alzahrani

12:00 - 01:00

Prayer, Coffee Break

01:00 - 02:00

OCT angio
Magdy Moussa

02:00 - 05:00

Retinal Review
Magdy Moussa
Hussain Khaqan
Athanasios Nikolakopoulos

Day One

7 NOVEMBER 2024

Location: T1G
Madina Hall

08:00
05:00

Vitreoretinal School

08:30 - 10:00

Clinical Electrophysiology of vision

Moderator

Randa El-moffy

Speakers

**Marwa Tabl
Randa Hesham**

Randa El-Moffy

08:30 - 08:35

Introduction
Randa El-Moffy

08:35 - 08:50

ffERG
Marwa Tabl

08:50 - 09:02

Macular ERG
Randa Hesham

09:02 - 09:07

EOG
Randa Hesham

09:07 - 09:19

VEP
Randa El-Moffy

09:19 - 09:35

Electrophysiology in pediatric age group
Randa El-Moffy

09:35 - 09:47

Clinical cases
Marwa Tabl - Randa Hesham

09:47 - 10:00

Hands-on: RETeval machine
VIKASH DUDHIA

10:00 - 10:20

Coffee Break

Location: T2G
Madina Hall

10:20 - 12:00

Diabetic Macular Edema

Moderator

Laurent Kodjikian / Amro Abukhashabah

10:20 - 10:30

Introduction
Abdullah Alqahtani

10:30 - 10:50

Saudi guidelines DME
Abdullah Alqahtani

10:50 - 11:20

Role of steroids
Laurent Kodjikian

11:20 - 11:50

Discussion

11:50 - 12:00

Abbie Talk

12:00 - 01:45

Prayer, Lunch Break

01:45 - 02:15

Low Vision
Olga Goulia

Location: T3G
Madina Hall

02:15 - 05:00

Retinal Review
Magdy Moussa
Hussain Khaqan
Ahmed Sallam
Tamer Mahmoud
Athanasios Nikolakopoulos
Daniele Tognetto

Location: T1A
Auditorium A

SESSION

1

08:00
09:50

Retina

Moderator

Ashraf Shaarawy - Saleh A. Alshehri

08:00 - 08:10

Long term results of vitrectomy in perforating retinal injuries.

Ashraf Shaarawy

08:10 - 08:20

Macrophage-myofibroblast transition contributes to myofibroblast formation in proliferative vitreoretinal disorders.

Ahmed Abu-Elasrar

08:20 - 08:30

Optimizing outcomes in complex open ocular trauma

Hassan Mortada

08:30 - 08:40

Management of IOFB

Adel Aakeely

08:40 - 08:50

Surgical manament of fungal endophthalmitis

Saleh A. Alshehri

08:50 - 09:00

Minimal scleral buckling surgery in difficult cases of retinal detachment.

Daniele Tognetto

13:45

15:30

09:00 - 09:10

Evaluation of air as a retinal tamponade in combined tractional rhegmatogenous diabetic retinal detachment.

Ashraf Shaarawy

09:10 - 09:20

Novel classification of optic disc Pit & associated pathology.

Hussain Khaqan

09:20 - 09:30

Macular traction syndrome, is vitrectomy a must?

Athanasios Nikolakopoulos

09:30 - 09:40

Scleral buckle with endoillumination

Ahmed Sallam

09:40 - 09:50

Where are the limits of digital visualization ?

Lukan Mishev

09:50 - 10:15

Coffee Break

Location: T2A
Auditorium A

SESSION
2

10:15
12:00

Retina

Chairperson

Co-chairperson

10:15 - 10:25

Faisal Fiyadh

Mohammed AlMalki

Navigating vision care (insights from faricimab).
Fawaz Almamoori

10:25 - 10:35

4D surgery in macular diseases: a cutting-edge approach.

Daniele Tognetto

10:35 - 10:45

Lens in the Vitreous: Practical tips

Saleh Al Amro

10:45 - 10:55

Conservative diabetic delamination

Ahmed Sallam

10:55 - 11:05

Management of suprachoroidal hemorrhage

Hussain Khaqan

11:05 - 11:15

Surgery for complicated giant retinal tears with PVR.

Faisal Fiyadh

11:15 - 11:25

Benefits and limitations of vitrectomy in the management of endophthalmitis.

Laila Benhmidoune

11:25 - 11:35

Effect of silicone oil versus gas tamponade on macular layer microstructure after pars plana vitrectomy for macula on rhegmatogenous retinal detachment

Saud Mohammed Aljohani

11:35 - 12:00

Biosimilar is a choice

Laurent Kodjikian

12:00 - 01:45

Prayer & Lunch

Location: T3A
Auditorium A

SESSION
3

01:45
03:30

LIVE SURGERY

Moderator

Abdullah Alqahtani

Surgeons

Ahmed Habib

Mohamed Zidi

Abhishek kothari

Saumil Sheth

Aditya Sudhalkar

Mohamed Tawfik

Neto Rosatelli

Panelists

Ahmad Sallam

Ahmad Habib

Hussain Khaqan

Ahmad Khashab

Jerman Al-Qhatani

Stratus Gotzaridis

Lukan Mishev

Yahia Alzahrani

03:30 - 04:00

Prayer

Location: T4A
Auditorium A

SESSION

4

04:00
06:00

Retina / Uveitis

Moderator

Hassan Aldhibi - Magdy Moussa

04:00 - 04:10

Optic neuropathy in uveitis.
Hassan Aldhibi

04:10 - 04:20

Long-term efficacy of oral valganciclovir in
presumed cytomegalovirus unilateral
hypertensive anterior uveitis.
Ahmed Abu-Elasrar

04:20 - 04:30

Glaucoma and uveitis
Bodaghi Bahram

04:30 - 04:40

Spectrum of uveitis associated with multiple sclerosis
Abdulrahman AlBloushi

04:40 - 04:50

Pediatric uveitis
Bodaghi Bahram

04:50 - 05:00

Cataract surgery in uveitis
Bodaghi Bahram

05:00 - 05:10

Timely use of steroid in two posterior segment
cases saving vision.
Anum Haneef

05:10 - 05:20

DME with ERM when to inject & when to peel
Ahmed El khashab

05:20 - 05:30

Best disease and bestrophenopathy:
the spectrum of the disease
Magdy Moussa

05:30 - 05:40

Scleral buckling a final and ultimate treatment
of pseudophakic rhegmatogenous retinal
detachment.
Ashraf Shaarawy

05:40 - 05:50

Terson syndrome surgical approach
Yahia Alzahrani

05:50 - 06:00

Tissue inhibitor of metalloproteinase-3 ameliorates
diabetes-induced retinal inflammation
Ahmed Abu-Elasrar

Day Two

8 NOVEMBER 2024

Location: F1G
Madina - First Floor

08:00
05:00

Vitreoretinal School

08:00 - 09:00

OCT angio
Sawsan Nowilaty

09:00 - 10:00

Journey of Intravitreal anti-VEGF therapy (Past and Future)
Mohamed Eldakkak

10:00 - 10:20

Coffee Break

10:20 - 10:50

Management of epiretinal membrane
Mohammed Al Amri

10:50 - 11:20

Gore-Tex scleral fixation IOL tips and tricks
Mohamed Hazzazi

11:20 - 11:40

Artificial Intelligence in Diabetic retinopathy screening: A Game-Changer? The efficacy and cost of AI as a screening tool - A systematic review and meta-analysis
Wasan Alshareef

11:40 - 12:00

Ocular ischemic syndrome
Mohammed Al Amri

12:00 - 02:00

Friday Prayer, Lunch

02:00 - 04:00

ROP (Retinal camera workshop)

04:00 - 04:30

Revolution of Gene Therapy
Maryam Ibrahim Al Najjar

04:30 - 05:00

Retinal Review
Magdy Moussa
Hussain Khaqan
Athanasios Nikolakopoulos

Location: F1A
Auditorium A

07:45 - 08:25 Breakfast with Expert in the Coffee Break Area

SESSION

1

08:30
10:00

Retina

Moderator

Ahmad Sallam - Waleed Alturki

08:30 - 08:40

Autologus retinal transplant in the setting of best disease & retinal detachment
Hasan Bahrani

08:40 - 08:50

Retinal detachment with proliferative vitreoretinopathy. Approaches in 2024
Tamer Mahmoud

08:50 - 09:00

Does pars plana vitrectomy without pan retinal laser increase the risk of proliferative diabetic retinopathy?
Ahmad Sallam

09:00 - 09:10

Long term outcome of retinotomy / retinectomy in complex PVR, 30 years' experience
Hassan Mortada

09:10 - 09:20

In vivo imaging of human retinal microstructures by adaptive optics OCT in diabetic retinopathy .
Andrea Pollreizs

09:20 - 09:30

Ultra-wide field imaging in daily practice
Magdy Moussa

09:30 - 09:40

Applications of artificial intelligence in
choroid visualization
Ali AlHalafi

09:40 - 09:50

Pseudophakic cystoid macular edema
management
Mohammed Al Amri

09:50 - 10:00

Real-world outcomes after switch from
aflibercept to faricimab in eyes with DME
Andreas Pollreis

10:00 - 10:20

Coffee Break

Location: F2A
Auditorium A

SESSION

2

10:20
12:00

Retina

Moderator

Essam Harthi - Ramzi Jedabi

10:20 - 10:30

ERM: Stable or with good vision,
Is surgery required ?
Hassan Aldhibi

10:30 - 10:40

Retinal detachment surgery. Fixing the retinal,
sparing the good vision.
Stratus Gotzaridis

10:40 - 10:50

The science of light therapy for diabetic
retinopathy
Carlos Pavesio

10:50 - 11:00

Macular holes associated with epiretinal
membranes. Road to success.
Tamer Mahmoud

11:00 - 11:10

Saudi arabian ROP telemedicine program
(SAROP): An update
Saleh Al Amro

11:10 - 11:20

Vitrectomy & ILM surgery in myopic traction
maculopathy (MTM). Should we abandon
macular buckle?
Hassan Mortada

11:20 - 11:30

Update on suprachoroidal buckling for peripheral breaks
Ehab AlRayes

11:30 - 11:45

Role of steroids in diabetic macular edema
Laurent Kodjikian

11:45 - 12:00

Aflibercept 8 mg in AMD: Sustained disease control in the PULSAR study
Paolo Lanzetta

12:00 - 01:45

Friday Prayer, Lunch Break

Location: F3A
Auditorium A

SESSION

3

02:00

03:30

RETINAWS "Kourous Rezaei"

Ehab AlRayaes

Faisal Fayad

Tamer Mahmoud

Stratus Gotzaridis

Ahmad Sallam

Daniele Tognetto

Lukan Mishev

Abdullah Alqahtani

Hany Hamza

Hassan Mortada

03:30 - 04:00

Prayer & Coffee Break

Location: F4A
Auditorium A

SESSION

4

04:00
06:00

Retina

Moderator

Daniele Tongetto - Ehab AIRayes

04:00 - 04:10

Double scleral Flaps: A successful management strategy for the choroidal effusion

Abdullah Alkharashi

04:10 - 04:20

Complicated cases in advanced cataract surgery: video tricks.

Daniele Tognetto

04:20 - 04:30

Cicatricial macular holes.

Ehab AIRayes

04:30 - 04:40

simultaneous vs sequential cataract and vitrectomy surgery

Ahmad Sallam

04:40 - 04:50

CM T flex scleral Fixed IOL: Practical solutions for challenging scenarios

Vaibhav Sethi

04:50 - 05:00

Carlevalle IOL. Tips and common complications
Stratus Gotzaridis

05:00 - 05:10

Ocular masses and opaque ocular media.
Ihab Othman

05:10 - 05:20

General guidelines for management of
retinoblastoma
Yacoup A. Yousef

05:20 - 05:30

Endoresection for melanoma
Abdullah Alqahtani

05:30 - 05:40

Brachytherapy for choroidal hemangioma:
The ultimate solution
Hany Hamza

05:40 - 05:50

Fluoroscopic vitrectomy, paradigm shift in
visualisation of vitreous body during VR surgery
Lukan Mishev

05:50 - 06:00

Knowledge transfer in 3D and current evolutions
Athanasios Nikolakopoulos

Day Three

9 NOVEMBER 2024

Location: S1G
Madina - First Floor

08:00
05:00

Vitreoretinal School

08:00 - 09:00

OCT and OCTA updates in different
retinal diseases

Marwa Abdellah

09:00 - 10:00

Optic Disc pit maculopathy and its
surgical management

Muhammad Murtaza

10:00 - 10:20

Coffee Break

10:20 - 11:15

Optical coherence tomography

Nirvana Ali

12:00 - 01:45

Prayer, Lunch

01:45 - 05:00

Retinal Review

Magdy Moussa

Hussain Khaqan

Location: S1A
Auditorium A

SESSION

1

08:30

10:00

Retina

Moderator

Hany Hamza - Mahmoud Alrabiah

08:30 - 08:40

Inner leaf retinectomy: Revolutionizing
treatment of bullous X-linked retinoschisis
Hany Hamza

08:40 - 08:50

Uni manual segmentation for tractional
retinal detachment
Ameen Marashi

08:50 - 09:00

20K vitrectomy
Saad Waheeb

09:00 - 09:10

Optic pit managment
Hussain Khairi

09:10 - 09:20

Gas Fluid exchange to treat recurrent
RD post PPV
Mahmoud Alrabiah

09:20 - 09:30

Endophalmitis
Mario Damiano Toro

09:30 - 09:40

My whole nucleus chop technique for phacoemulsification to avoid posterior capsular rent

Anum Haneef

09:40 - 09:50

EDOF IOL how to get the best results even for Retina

Ibrahim Amer

09:50 - 10:00

Vamikibart: A new approach to the local therapy of uveitic macular edema

Carlos Pavesio

10:00 - 10:20

Coffee Break

Location: S2A
Auditorium A

SESSION

2

10:20
12:00

Retina

Moderator

Ammr Alghamdi - Saleh Al Amro

10:20 - 10:30

Bleeders & breaks: Crucial lessons from diabetic vitrectomy

Vaibhav Sethi

10:30 - 10:40

Techniques and outcomes of dropped nucleus fragments removal

Ahmad Sallam

10:40 - 10:50

Scleral buckling a final and ultimate treatment of pseudophakic rhegmatogenous retinal detachment.

Ashraf Shaarawy

10:50 - 11:00

In office management of post glaucoma surgery hypotony.

Stratus Gotzaris

11:00 - 11:10

Giant RRD post complicate Yamani

Amro Abukhashaba

11:10 - 11:20

Traumatic retinal detachment
Mohamed Hazzazi

11:20 - 11:40

Burden of GA and its impact on patients
Peter Kaiser

11:40 - 12:00

New paradigms in the management of GA
Peter Kaiser

12:00-01:45

Prayer, Lunch Break

Location: S3A
Auditorium A

SESSION

3

01:45
04:00

Retina Free Paper

Moderator

01:45 - 02:00

Mostafa Magliyah - Tariq Alzahem

The Role of Anti-VEGF therapy in the management of ROP

Khaled Shalaby

02:00 - 02:15

Uvietic macular edema treated with bromfenac and anti-VEGF

Sara Alharbi

02:15 - 02:30

Prophylactic regimens for the prevention of pseudophakic Cys

Reem Hersi

02:30 - 02:45

Sub foveal choroidal thickness correlated to DM parameters ?

Syed Faraaz

02:45 - 03:00

Mülleropathies: Müller cells in clinical practice

Tariq Al zahem

03:00 - 03:15

AntiVEGF treatment in myopic neovascularisation case reports

Valvita Reçi

03:15 - 03:30

Masquerade of leukemic infiltration with asparaginase therapy

Abdulelah Abumohssin

03:30 - 03:45

Insights into the effects of subretinal voretigene neparvovec-rzyl in RpE65-associated leber congenital amaurosis

Alaa Tayyib

03:45 - 04:00

Epidemiological characteristics and outcome of open globe injuries in Saudi Arabia

Mostafa Magliyah

04:00 - 04:40

Prayer, Coffee Break & Closing Ceremony
